

TEST_CASE

```
graph LR; A[TEST_CASE] --> B["BNO08xTestHelper::gyro  
_integrated_rotation_vector  
_data_is_new"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'TEST_CASE'. The right box is gray with a black border and contains the text 'BNO08xTestHelper::gyro', '_integrated_rotation_vector', and '_data_is_new' on three separate lines.

BNO08xTestHelper::gyro
_integrated_rotation_vector
_data_is_new
